Enriching the Internet

The Serbian National Internet
Domain Registry Foundation

DATE
28.3.2023

PRESENTER
Dejan Đukić

EVENT
UA Day

RNIDS in a sentence

- RNIDS manages the registry of the national internet domain names .RS and .CPB and the Internet infrastructure of special importance for the functioning of the Internet in Serbia

.cpб

- The official language used in Serbia is Serbian, the Cyrillic script (Latin script can also be used in accordance with the law)
- .cpб - the second Serbian national domain
- The second Cyrillic IDN in the world (2011)
- Registration of .CPБ begun on 27th January 2012, free of charge in first year
- 2.250 registered domain names today

How to promote Cyrillic domain

- Promotion of Cyrillic script online via:
 - Promotion of content creation in Cyrillic
 - Promotion of tech solutions which use Cyrillic script
 - Continuous education

4 Serbain Cyrillic typefaces

- Four custom made Cyrillic typefaces were created specifically to be used on screen
- Given away for [free download](#)
- Made to overcome obstacles the use of other Cyrillic scripts makes
- Delivered in partnership with the organization Tipometar (consisted of expert from the Faculty of Applied Arts in Belgrade)
