## Registration Eligibility

Eligibility to register, maintain, renew, or use a .YAHOO domain name (including controlling associated DNS records) is limited to Authorized Registrants.

Yahoo reserves the right, for any reason, to periodically verify .YAHOO domain name registration eligibility. Any determination as to such eligibility shall be made by Yahoo in its sole discretion, and is not subject to any further appeal mechanism or reconsideration process. Yahoo reserves the right, in its sole discretion, to suspend, cancel, revoke, or take other corrective action it deems necessary against a .YAHOO domain name registrant in the event it determines that their registration violates the registration eligibility criteria. Questions about a determination by Yahoo as to .YAHOO domain name registration eligibility should be directed to the .YAHOO domain team or Registrar.

## Domain Name Registration Rules

Domain name registrations in the .YAHOO Top Level Domain follow a four-step process managed by Yahoo and the Registrar: (i) Eligibility Confirmation; (ii) Naming Convention Check; (iii) Acceptable Use Review; (iv) Registration.

.YAHOO domain name registrations are available to eligible registrants for annual terms between one (1) and ten (10) years.

### (i) Eligibility Confirmation

Only Authorized Registrants who agree to be bound by the terms of the .YAHOO TLD Registration Policy and the .YAHOO TLD T&Cs are eligible to register or use a .YAHOO domain name. .YAHOO domain names may not under any circumstances be registered or used by third parties other than Authorized Registrants.

Prior to any .YAHOO domain name registration or renewal, and at any time during the registration life cycle at Yahoo's sole discretion, domain name registrations will be verified by Yahoo for compliance with the .YAHOO TLD Registration Policy.

### (ii) Naming Convention Check

.YAHOO domain names must meet the following technical conditions:

- a. must be at least 1 character and no more than 63 characters long
- b. must contain only letters (a-z), numbers (0-9) and hyphens or a combination of these
- c. must start and end with an alphanumeric character, not a hyphen

- d. must not be a Reserved Name, as described herein
- e. domain names at the second level, must not contain a hyphen at the 3rd and 4th positions (tagged domains), unless corresponding to a valid Internationalized Domain Name in ASCII encoding (for example “xn--ndk061n”).

### (iii) Acceptable Use Review

By asking us to register or renew a .YAHOO domain name registration, you warrant and represent that your .YAHOO domain name registration does and will at all times comply with the .YAHOO TLD Registration Policy and the .YAHOO TLD T&Cs.

Registration or renewal of a .YAHOO domain name is subject to Yahoo’s satisfaction that the Acceptable Use standards set out below are met prior to, and at all times during a .YAHOO domain name registration.

### (iv) Registration

Provided that the .YAHOO eligibility confirmation, naming convention check, and acceptable use review are satisfied, Yahoo will instruct the Registrar to proceed with the registration or renewal of your .YAHOO domain name.

If at any point prior to the registration expiration date you no longer wish to maintain your .YAHOO domain name registration, you may submit a written request by email to Yahoo and the Registrar requesting cancellation of your registration. Please note that if you cancel your .YAHOO domain name registration, Yahoo is under no obligation to make that domain name available for your future registration. If at any point prior to the registration expiration date you no longer qualify as an Authorized Registrant, you must submit a written request by email to Yahoo and the Registrar requesting cancellation of your registration. If at any point prior to the registration expiration date Yahoo learns that you no longer qualify as an Authorized Registrant, Yahoo will instruct the Registrar to cancel your registration or transfer it to another Authorized Registrant of Yahoo’s choosing.

At the conclusion of the registration period for your .YAHOO domain name, unless you have instructed the Registrar (with a copy to us) otherwise prior to the expiration of your .YAHOO domain name registration, the Registrar will renew your .YAHOO domain name registration on the basis of an agreed standing renewal order.

## Reserved Names

The following terms are reserved from registration by third parties:

- a. reserved terms prohibited by ICANN from availability for registration including as provided in Specification 5 of the ICANN Registry Agreement applicable to the .YAHOO Top Level Domain, and in particular
  1. the terms “example”, “www”, “rdds”, and “whois” at all levels, which at Yahoo’s discretion shall be withheld from registration or allocated to Yahoo
  2. the term “nic”, at all levels, as this term shall be allocated to Yahoo for use in connection with the operation of the .YAHOO Top Level Domain
- b. any term reserved by Yahoo from time to time

## Acceptable Use

Yahoo reserves the right to periodically review .YAHOO domain name registrations and uses for compliance with the .YAHOO TLD Registration Policy and the .YAHOO TLD T&Cs. For example, but without limitation, by registering a .YAHOO domain name, or by asking us to maintain or renew a .YAHOO domain name registration:

- you represent and warrant that you will not distribute malware or operate botnets, or engage in phishing, piracy, trademark or copyright infringement, fraudulent or deceptive practices, counterfeiting or any other activity contrary to applicable law
- you acknowledge and agree that it is your responsibility to determine whether your domain name registration does or may infringe or violate the rights of a third party or applicable law
- you warrant and represent that your registration or use of a .YAHOO domain name does not and will not:
  - give rise to any conduct determined by Yahoo to be objectionable
  - violate any applicable laws or regulations
  - in any way harm the reputation or goals and operating principles of Yahoo

You further agree that Yahoo may, in its sole discretion, lock, suspend, cancel, revoke, or otherwise take (or require you to take) remedial action to cure any breach of the .YAHOO TLD Registration Policy and the .YAHOO TLD T&Cs if your registration or use of a .YAHOO domain name violates the .YAHOO TLD Registration Policy and the .YAHOO TLD T&Cs or applicable law, or otherwise violates standards of conduct deemed acceptable to Yahoo.

By registering a .YAHOO domain name, or by asking us to maintain or renew a .YAHOO domain name registration, you agree to abide by the Yahoo “product naming and domain guidelines” as found internally at “Brand Central”.

Any failure to comply with these acceptable use standards may be considered a breach of the .YAHOO TLD Registration Policy and the .YAHOO TLD T&Cs and may, in Yahoo’s sole discretion, be grounds for the suspension, cancellation, or revocation of your .YAHOO domain name registration.
