

ASO Review Update

ASO Review Working Group

Izumi Okutani, Simon Sohel and Aftab Siddiqui

Recap

- **Recommendation # 18:** The NRO should initiate a public consultation, involving the five RIR communities, to determine the future structure of the ASO.
- 3 Community Consultations (APNIC 44, APRICOT 2018 and APNIC 46)
- All sessions were very well attended by community
- Productive discussion which resulted in many practical solutions/suggestions

Recap

- Surveyed APNIC Community after APNIC 46
 - **Yes** - the number community should continue to provide 2 directors of the ICANN Board
 - **Yes** - the number community should continue to be part of ICANN's Empowered Community
 - When engaging with ICANN, the number community should do so in the name of – **ASO**
 - **Yes**. A global team comprised of community and organisational members should be established for the negotiations with ICANN on ASO Review

Next Step.....

- We are waiting for the formal update from NRO EC after reviewing the consultation in all RIRs. We expect that any final decision would reflect the community sentiments.
- A strict time line should be followed as we have already spent 2years
- Further updates will be shared on mailing list

Thanks..
