Statement of Intent (SOI) to volunteer as ccNSO Appointed Liaison to the GNSO

As required by the Call for Volunteers, I am applying as a volunteer representing the ccNSO at the CCWG as stated above.

I have represented the Nigeria Internet Registration Association (NiRA) the Registry/Managers of the .ng ccTLD for a few years and have participated in the ccNSO activities since for many years.

I am very abreast and comfortable with the multi stakeholder and consensus building process/approach of ICANN and would work in this line if given the opportunity.

My details are as follows;

- Name: Adebisi Oladipo
- SO/AC Affiliation: ccNSO (.ng)
- Representation: Nigeria Internet Registration Association (NiRA)

As required, I declare that I do not (at this time) know of any areas of conflicts that would affect my functioning as a liaison. I pledge to be available for the meetings of the GNSO and contribute to its activities and work as required by the schedule of the GNSO. I run the firm where I work and my schedules are flexible and can be adjusted to suit the GNSO commitments.

I also pledge to report back to the ccNSO and constantly consult and take the position of the ccNSO to the GNSO.

Thank you very much.

Yours faithfully
Adebisi Oladipo
