ICANN Community Digest

The ICANN organization Policy Development Support function publishes this twice-weekly digest to help ICANN community groups track requests and follow updates.

How Domain Name System Policy is Developed, and How You Can Get Involved

Do you have any ideas for improving the ICANN Community Digest?
Write to us at [policyinfo@icann.org!](mailto:policyinfo@icann.org)

Information Sharing

NEW: EURALO Roundtable on the Registration Data Request Service (RDRS)

The roundtable will provide a review of the RDRS service. Speakers will explain how the services works, discuss experiences using the service, provide metrics on usage data of the RDRS, end user understanding and point of view, the At-Large position and broader community's opinion, and answer any questions and respond to comments and discussion.

NEW: ICANN NCAP Discussion Group Seeks Input on NCAP Study 2 Report

The Name Collision Analysis Project Discussion Group (NCAP) is seeking input on its draft Study 2 report and responses to a series of questions from the ICANN Board regarding name collisions as outlined in resolution 2017.11.02.30 and reaffirmed in resolution 2021.03.25.13.

NEW: ICANN Universal Acceptance Update: Support for Internationalized Email Addresses

Work is ongoing to ensure all pertinent ICANN internal systems are fully UA-ready. Much of this effort includes collaborating with third-party vendors to update their services. In the broader scope of the UA program, ICANN's priority is to support UA in community-facing services, including ICANN.org, ICANN Account, and the Centralized Zone Data Service, to name a few.

NEW PUBLICATION: Methodology to Classify Unsolicited Email Threats

Spam is typically the largest portion of DNS abuse in the data that is listed by reputation feed providers. Therefore, being able to confidently separate spam as a delivery mechanism of malicious content from other types of content is essential for our work.

NEXT WEEK: Call for SOs/ACs to Nominate Fellowship Program Mentors

ICANN invites the Supporting Organizations (SOs) and Advisory Committees (ACs) to nominate volunteers to serve as Fellowship Program Mentors. Each group is welcome to nominate one individual for this role. Individual self-nominations will not be considered.

- Mentors generally must plan on a time commitment of approximately 30-40 hours before, during, and immediately after each ICANN Public Meeting. This includes extensive pre-meeting preparation, on-site support for their assigned fellows, and post-meeting reporting.
- Mentors will serve a term that includes three consecutive ICANN Public Meetings, beginning with ICANN81 (from ICANN81 - ICANN83 inclusive).
- Mentors are expected to follow Fellowship Program guidelines to help ensure consistency in capacity development opportunities for fellows and to help fellows actively participate in ICANN's work.
- Mentors will receive travel funding support (if applicable).

For more information on the guidelines and expectations, please read about the mentorship program [here](#).

Mentors cannot serve on the Selection Committee at the same time they are serving as mentors.

Interested SOs/ACs should select their respective Fellowship Program mentor representative by **31 January 2024** and notify ICANN Fellowship Program Manager, Siranush Vardanyan at siranush.vardanyan@icann.org.

Action Items

NEXT WEEK **ACTION ITEM: Questionnaire for the 20-year review of WSIS implementation**

Please consider responding to the United Nations Commission on Science and Technology for Development (CTSD) regarding WSIS implementation by **31 January 2024**.

ACTION ITEM: Calling for NextGen@ICANN Applications for ICANN80

ICANN wants to hear from university students living and studying in the African region who are interested in the future of the Internet and in participating in the ICANN80 Policy Forum. ICANN80 is scheduled to be held in Kigali, Rwanda, from 10–13 June 2024.

Deadline: 23 February 2024

[Read more.](#)

ACTION ITEM: Apply Now for ICANN Leadership Positions

Selected individuals will have a unique opportunity to work with accomplished colleagues from around the globe to help shape the policy development and technical coordination of the Internet's unique identifiers.

Deadline: 15 March 2024 at 23:59 UTC
