ICANN75 ccNSO Sessions at a glance

The ccNSO program begins on Saturday, 17 September. The Domain Name System (DNS) Abuse Standing Committee (DASC) and the Internet Governance Liaison Committee (IGLC) will hold working sessions. The ccNSO schedule will continue on Sunday, 18 September with other committee and working group sessions, including the Technical Working Group and the Strategic and Operational Planning Committee (SOPC). The third and fourth ccNSO policy development process (ccPDP) working groups will have their working sessions as well. On Tuesday, 20 September during the ccNSO Policy Update, the ccPDP3-Review Mechanism Working Group will present its proposals and seek input from the ccTLD community. Later that same day, it will evaluate the input received.

Tech Day will take place on Monday, 19 September. The ccNSO schedule will continue on Tuesday, 20 September, and will start with the ccNSO Policy Update, followed by a session which will explore the impact of legislative initiatives regarding geographical indications on ccTLD managers. The ccNSO will also hold joint sessions with the Governmental Advisory Committee (GAC) and the ICANN Board.

On Wednesday, 21 September, during a ccNSO Governance Session, the Guidelines Review Committee (GRC) will present its proposals for ccNSO statement of interest and conflict of interest processes and seek input from the ccTLD community. The GRC will also alert the ccNSO membership about upcoming voting processes and work items. During a Universal Acceptance session, there will be a discussion on the role of the ccNSO and how to best serve the ccTLD community. Later that day, ccTLD managers from different regions will share their experiences during a

NEW! Interpretation for ccNSO Members Meeting

ICANN75 is a milestone: For the very first time, simultaneous interpretation will be available for a select number of ccNSO sessions. The enhanced language support will benefit the ccTLD community by deepening operational exchanges and advancing information sharing. It is part of a pilot project, which covers simultaneous interpretation in English, French, and Spanish for the next three ICANN Public Meetings.

ICANN75 ccNSO Policy Update

Tuesday, 20 September 2022 | 01:00 - 02:00 UTC

The ccPDP3-Review Mechanism Working Group has developed a proposed mechanism with respect to decisions pertaining to the delegation, transfer, revocation, and retirement of the delegated top-level domains associated with the country codes assigned to countries and territories in the ISO 3166-1 standard. The working group will present its proposals and seek input from the ccTLD community. Relevant documents are available on its [website](#) and [workspace](#).

The ICANN75 ccNSO Policy Update Session will focus on ccPDP3. For updates about ccPDP4-IDN, we invite you to participate in the joint session between ccNSO & GAC, scheduled to be held on Tuesday, 20 September 2022 | 13:15-14:30 UTC.

ccNSO & DNS Abuse

ICANN75 ccNSO DNS Abuse Standing Committee (DASC)

Saturday, 17 September 2022 | 07:00 - 08:00 UTC

The DASC is the core of the ccTLD community-driven process around DNS abuse. The DASC was created as a dedicated forum for ccTLD managers to discuss the important topic of DNS abuse and to share information, insights, and practices. In keeping with the nature of the ccNSO, the purpose of the DASC is not to formulate any policy or standards. Instead, its overarching goal is to increase understanding and awareness of the issues pertaining to DNS abuse, promote open and constructive dialogue, and ultimately to assist ccTLD managers in their efforts to mitigate the impact of DNS abuse.

The DASC will hold a working session at ICANN75, and will discuss among other issues its outreach efforts. Those include a survey which aims to gather information as useful input for next steps by the DASC. Relevant documents are available on the DASC [website](#) and [workspace](#). The DASC will also provide a status update during the joint session between ccNSO & GAC, scheduled to be held on Tuesday, 20 September 2022 | 13:15-14:30 UTC

ccNSO Internal Governance

ICANN75 ccNSO Governance Session

Wednesday, 21 September 2022 | 07:00 - 08:00 UTC

The focus of this session will be to seek input from the ccTLD community on the proposed ccNSO statement of interest and conflict of interest processes. A subcommittee of the Guidelines Review Committee developed the proposals, based on previous consultation rounds. In addition, there will be a notice about upcoming voting processes and work items. This includes the impact of the inclusion of IDN ccTLD managers as members of the ccNSO on existing rules and operating procedures. Keep an eye out for the latest announcements on the ccNSO website.

ICANN75 Geographical Indications

Tuesday, 20 September 2022 | 02:30-04:00 UTC

The protection of [geographical indications](#) has recently reemerged in various regions as an area of increased regulatory attention and legislative initiatives. The latest examples are the European Commission [proposals](#) which aim to reform the European Union framework on geographical indications with special attention to enforcement issues linked to the registration of domain names as TLDs and second-level domains. This themed ccTLD News session will explore the potential impact of regulations and legislation on ccTLDs.

Universal Acceptance

ICANN75 ccNSO & Universal Acceptance Session

Wednesday, 21 September 2022 | 05:15 - 06:30 UTC

Universal Acceptance ensures that all domain names, including new TLDs and Internationalized Domain Names (IDNs), and email addresses are treated equally and can be used by all Internet-enabled applications, devices, and systems. Universal Acceptance provides a gateway to the next billion Internet users. During this ccNSO and Universal Acceptance session, there will be a discussion with ccTLDs as well as other stakeholders on the role of the ccNSO and how to best serve the ccTLD community.

ccNSO Council Highlights

The ccNSO Council had its [186th meeting](#) on 18 August 2022. The ccNSO Council will reconvene on 22 September at ICANN75. Council meetings are open to observers. To attend the September meeting, please [register](#) for ICANN75.

Highlights from recent Council discussions:

- Adoption of the revised SOPC charter. The objective of the SOPC is to provide input on the strategic and operational planning processes and related budgetary processes of ICANN and Public Technical Identifiers (PTI) that are relevant from a ccTLD or ccNSO perspective. It also coordinates, facilitates, and encourages the involvement of ccTLD managers in these processes.
- Appointment additional volunteers to ccNSO Working Groups and Committees
- Approval ccNSO membership of nic.at GmbH, the ccTLD Manager of Austria (.at) as member 173 of the ccNSO.
- Update on the nominations for ICANN Board Seat 11 closed on Friday, 5 August 2022. Read more [here](#).
- Appointment Chris Disspain as member, and Irina Danelia as secondary member, to the FY24 Planning Prioritization Group
- Adoption of the proposed amended internal Rules for the ccNSO. The ccNSO Council adopts the timeline as proposed for the ccNSO membership vote, in line with the change mechanism of the April 2022 Internal Rules. Read more [here](#).

At ICANN75, the ccNSO Council will hold a meeting to discuss potential next steps for the

ccNSO regarding Universal Acceptance (UA), following a consultation at ICANN75. In addition, the ccNSO Council will discuss the scope and timing of its next workshop. Additional topics for the ccNSO Council meeting will be made available on the [ccNSO Council workspace](#) closer to the meeting.
