

RSSAC Review

Organizational Reviews* assess the effectiveness of ICANN's supporting organizations and advisory committees. Organizational Reviews are conducted by independent examiners to assess: (i) whether that organization, council or committee has a continuing purpose in the ICANN structure; (ii) if so, whether any change in structure or operations is desirable to improve its effectiveness; (iii) whether that organization, council or committee is accountable to its constituencies, stakeholder groups, organizations and other stakeholders.

The Board took action on 22 September 2022 to acknowledge completion of the **second Root Server System Advisory Committee Review (RSSAC2)** Review. See the Board Resolution [here](#).

The Board took action on 12 June 2022 to defer the Third Review of the Root Server System Advisory Committee. See the Board Resolution [here](#).
