

Call for Nominations Editor-In-Chief ACM Journal on Computing and Cultural Heritage

The term of the current Editor-in-Chief (EiC) of the [ACM Journal on Computing and Cultural Heritage \(JOCCH\)](#) came to an end, and the [ACM](#) Publications Board has set up a nominating committee to assist the Board in selecting the next EiC. JOCCH was established in 2008 and has been experiencing steady growth, with 355 submissions received in 2023, 318 in 2022, 259 in 2021. It has established itself as the premiere international forum for Computing technologies applied to Cultural Heritage.

Nominations, including self-nominations, are invited for a three-year term as JOCCH EiC, beginning on August 1, 2024. The EiC appointment may be renewed at most one time. This is an entirely voluntary position, but ACM will provide appropriate administrative support. Appointed by the ACM Publications Board, Editors-in-Chief (EiCs) of ACM journals are delegated full responsibility for the editorial management of the journal consistent with the journal's charter and general ACM policies. The Board relies on EiCs to ensure that the content of the journal is of high quality and that the editorial review process is both timely and fair. The EiC has final say on acceptance of papers, size of the Editorial Board, and appointment of Associate Editors. A complete list of responsibilities is found in the [ACM Volunteer Editors Position Descriptions](#). Additional information can be found in [ACM's Evaluation Criteria for Editors-in-Chief](#).

Nominations should include a vita along with a brief statement of why the nominee should be considered. Self-nominations are encouraged and should include a statement of the candidate's vision for the future development of JOCCH. The deadline for submitting nominations is June 14th, 2024, although nominations will continue to be accepted until the position is filled.

Please send all nominations to the nominating committee chair, Roberto Scopigno (r.scopigno@isti.cnr.it) with a cc to jocch_nomin_comm@isti.cnr.it.

The search committee members are:

- Roberto Scopigno (CNR-ISTI, Italy), *Chair*
