From the GNSO Operating Procedures (see [GNSO Operating Procedures v3.0](#))

2.2 Officer Elections: Chair and Vice-Chairs

The GNSO Council shall select the GNSO Chair and two Vice-Chairs as follows:

- a. The GNSO Chair shall be elected by a 60 percent vote of each house.
- b. Each house will be allowed to nominate one candidate for GNSO Council Chair. Each house is responsible for determining how to nominate its candidate. Should a Chair be elected from outside of the houses that Chair will be a non-voting Chair.
 - i. All ballots will include the “none of the above” option. In the event that a 60 percent vote of each house selects the “none of the above” option, each house shall commence a new nomination period of not longer than 30 days after the unsuccessful vote.
 - ii. In the case of a tie for the most votes between the two candidates, or between a candidate and “none of above,” a second election will be held no sooner than 30 days after the unsuccessful vote. Each house will commence a new nomination period of not longer than 15 days. An election for the new nominees will be rescheduled for no sooner than 30 days after the unsuccessful vote.
 - iii. The leading candidate will be defined as the one with the highest score. The score is calculated by adding together the voting percentages attained by each candidate from the contracted party house and the non-contracted party house (100 percent + 100 percent = 200 percent). The leading candidate is the one with the highest score between the leading candidate and “none of the above.”
 - iv. In case neither candidate reaches the 60 percent of each house threshold and the candidates do not tie, a second runoff ballot will be held between the two candidates. If the single candidate does not reach the 60 percent of each house threshold in the runoff ballot, then each house will commence a new nomination period of not longer than 30 days after the unsuccessful runoff ballot.
- c. Each house shall select a Council Vice-Chair from within its respective house.
- d. A Chair may not be a member of the same Stakeholder Group of either of the Vice-Chairs.
- e. The Chair and Vice-Chairs shall retain their votes (if any) in their respective houses (if any).

idate. A candidate for GNSO Council Chair does not need to be a member of a house, but must be a member of the GNSO Council.

h house will commence a new nomination period of not longer than 15 days. An election for the new nominees will be scheduled for
sooner than 30 days. The candidates shall remain the same for this second election. In the case this second election also results in a tie,
:han 30 days after the unsuccessful vote.

from each house. The highest percentage attainable in each house is 100. Thus, the maximum score a candidate can achieve is 200 as
00 percent = score of 200). In case neither candidate reaches the 60 percent of each house threshold, a second ballot will be held

n the leading candidate and “none of the above.”

on period of not longer than 15 days. An election for the new nominees will be rescheduled for no sooner than 30 days after the
