

Recommendations for Council consideration

Proposals not requiring access to registration data

1. The Scoping Team recommends that the GNSO Council requests ICANN org to carry out a Registrar Survey
2. The Scoping Team recommends that further work is undertaken by the Scoping Team in collaboration with ICANN org to explore the option of conducting a Registrar Audit

Proposals requiring access to registration data

1. The Scoping Team recommends that the GNSO Council pause the work of the Scoping Team in relation to proposals that require access to registration data until such time when it is sufficiently clear whether proposals that require access to registration data are a viable path to assess the current state of accuracy.

Council to request ICANN org to proceed with their outreach to EDPB as a matter of urgency as well as DPIA in connection with the scenarios. Also call out importance of finalizing the DPA between ICANN org and Contracted Parties.
