Dear Sir/Madam

RE: TERMINATION OF REGISTRY AGREEMENT FOR .cancerresearch

Pursuant to Section 4.4(b) of the Registry Agreement executed by the Internet Corporation for Assigned Names and Numbers (ICANN) and Australian Cancer Research Foundation (ACRF) dated 15 May 2014, ACRF hereby notifies ICANN of the termination of the Registry Agreement for **.cancerresearch**.

Further ACRF respectfully requests that ICANN not transition .cancerresearch registry to a third party and that ICANN does not delegate .cancerresearch to a successor registry operator for a period of two years following the termination date.

ACRF wishes to advise the following in relation to Section 4.5 of the Registry Agreement:

- The only domain names registered in the registry is registered to and maintained by ACRF, the registry operator, for its exclusive use;
- ACRF in its function as the Registry Operator, does not sell, distribute, or transfer control of use of any registrations in the TLDs to third parties;
- ACRF holds intellectual property rights for all TLD strings and
- Transitioning operation of the TLDs is not necessary to protect public interest.

ACRF requests that ICANN initiate and complete the termination process as soon as possible. Any reduction in notice period or waiver in associated costs would be appreciated, being a cancer charity.

Yours sincerely
