Pursuant to Section 4.4(b) of the Registry Agreement of the top level domain strings noted below, Lifestyle Domain Holdings, Inc. respectfully requests early termination of the ICANN Registry Agreements for the top level domains:

- COOKINGCHANNEL
- FOODNETWORK
- HGTV
- TRAVELCHANNEL

The above referenced top level domains are all Specification 13 brand top level domains with no domains registered. Despite efforts over the years to develop a marketing strategy for deployment of these assets, the company has determined there is not a current use for them and therefore requests early termination of the ICANN Registry Agreements and to wind down these assets pursuant to the terms of the respective Registry Agreements.

Further, pursuant to a corporate resolution in the form of an Action Taken By Written Consent signed by the officers and directors of the corporation, I am authorized by the officers and directors to make and sign this request and to manage the wind down of these top level domains with ICANN.

With kind regards,

Jennifer C. Wolfe
