- **Subject:** IAU Division E Newsletter

Dear Members of Division E,

This is one more reminder regarding the upcoming IAU elections, and an encouragement to stand for election for a position on a Commission or on the Division Steering Committee.

[Division E](#) and its Commissions seek (self) nominations for the position of Vice President as well as for "at large" members of steering committees. Information on the roles of these positions can be found [here](#). The deadline for nominations is **8 March 2021**, and you can apply through the IAU website, at (note you need to login with your IAU credentials first):

[https://www.iau.org/submissions/commission\\_candidacy/](https://www.iau.org/submissions/commission_candidacy/)

[https://www.iau.org/submissions/division\\_candidacy/](https://www.iau.org/submissions/division_candidacy/)

In addition, two cross-Division Working Groups, [Eclipses](#) and [Synoptic Observations](#) are planning to reform. If you would like to become a member of either, or stand for election as chair, **please let me know**.

We look forward to working with you in the new triennium!

cheers

Sarah Gibson, Division E President
