
Dear IAU Division E members,

I hope you are all doing well. A few news of interest to our Division follow:

IAU 2022 General Assembly

For those attending (either in-person or remotely) the GA in Busan, here you have some relevant deadlines.

July 22 - Deadline to upload e-posters/e-talks to the galleries of the GA website (no revision is possible afterwards)

July 29 - Opening of e-poster/e-talk galleries on conference website

July 25 - Deadline to upload talk presentation files

August 2 - Opening of preview room at BEXCO, IAU GA conference venue (updated presentation files can be uploaded at the on-site preview room)

Below some links to meetings of interest:

•IAUS 372: The Era of Multi-Messenger Solar Physics (Div. E coordinates this symp.)

<https://nso.edu/iau-symposium-372/>

•IAUS 374: Astronomical Hazards for Life on Earth

<http://hazards.astronomia.edu.uy/>

•IAUS 370: Winds of Stars and Exoplanets

<https://local.strw.leidenuniv.nl/cms/web/2022/20220801/description.php?wsid=73&clean=1>

•IAUS 368: Machine Learning in Astronomy: Possibilities and Pitfalls

<https://sites.astro.caltech.edu/IAUS368/>

•IAUS 371: Hono(u)ring Charlotte Moore Sitterly: Astronomical spectroscopy in the 21st century

<https://pml.nist.gov/iau-symposium371/>

•FM5: Beyond the Goldilocks zone: the Effect of Stellar Magnetic Activity on Exoplanet Habitability (Div. E coordinates this FM)

<http://busan2021fm5.org/>

•FM2: Towards a World Standard for Dark and Quiet Sky Protection

<https://noirlab.edu/science/events/websites/fm2>

In addition to these, we will have "Division Days" highlighting the science of Division E (organized by Div. E)

https://www.iauga2022.org/program/program_05_5.asp?sMenu=abo5

2021 IAU PhD Prize

We are happy to congratulate the young members of our community who have been awarded the following prizes and honorable mentions:

1) PhD Prize Winner: Dr. Souvik Bose

Thesis title: "On the dynamics of spicules and mass-flows in the solar atmosphere"

2) PhD "at-large" Prize Winner: Dr. Reetika Joshi

Thesis title: "Study of Solar Jets and Related Flares"

3) PhD Prize Honorable Mention: Wenzhi Ruan

Thesis title: "Solar flares and Kelvin-Helmholtz instabilities: Particle acceleration and high energy radiation"

The full announcement of prize winners may be found at: <https://www.iau.org/news/announcements/detail/ann22022/>

Announcement for deadline of Letters of Intent for 2024 Symposia

Please, notice that September 15th is the deadline for Letters of Intent (LoI) for scientific meetings to be held during the next IAU GA year, 2024.

These meetings will comprise 6 GA Symposia, 12 GA Focus Meetings, and 3 non-GA Symposia.

You are encouraged to formulate ideas for these GA meetings with your colleagues. Please, read carefully the Rules & Guidelines for IAU Scientific Meetings before preparing the LoI (<https://www.iau.org/science/meetings/rules/>).

The IAU looks forward to receiving your LoI.

Please feel free to contact me with any questions or comments.
