The following case has been assigned to the Complaint queue.

Case #: 00020671
Subject: [Ext] Unreasonably short public comment period for RPM PDP public comments

Hello,

According to:

<https://www.icann.org/public-comments/gnso-rpm-pdp-phase-1-final-recommendations-2021-04-07-en>

the public comment period is only 23 days (from April 7 to April 30).
This is inconsistent with ICANN's historical public comment period length, which one can verify by reviewing the archives:

<https://www.icann.org/public-comments/archive>

which are normally 40+ days. For example, the EPDP phase 2 comment period:

<https://www.icann.org/public-comments/epdp-2-policy-recs-board-2021-02-08-en>

went from Feb 8 to March 30.

Please extend the RPM PDP accordingly ASAP, to the same length as the EPDP Phase 2 comment period.

Sincerely,

George Kirikos
