Section I: General Overview and Next Steps

The Thai script community has formed the Thai script Generation Panel (GP), which in turn has developed a *Proposal for the Thai Script Root Zone Label Generation Rules* (Proposal and Proposal Documentation [PDF, 1.7 MB]). As per the LGR Procedure [PDF, 772 KB], this proposal is being posted for public comments to allow those who have not participated in the Thai script GP to make their views known to the GP. Thai script GP will now submit the final proposal with any changes to reflect the public comments, for evaluation by the Integration Panel (IP). If evaluation by the IP is successful, the Proposal for the Thai Script Root Zone Label Generation Rules will be integrated into the Label Generation Rules for the Root Zone. Otherwise, the proposal will be sent to the GP with comments for further consideration and revision.

Section III: Summary of Comments

General Disclaimer: This section intends to summarize broadly and comprehensively the comments submitted to this public comment proceeding but does not address every specific position stated by each contributor. The preparer recommends that readers interested in specific aspects of any of the summarized comments, or the full context of others, refer directly to the specific contributions at the link referenced above (View Comments Submitted).

RySG supports the proposal and thanks the Thai script GP for the work.

KhmerGP agrees that there are no Khmer-Thai cross-script variants, following the discussions between the two GPs. KhmerGP congratulates the Thai script GP on its work.

LaoGP agrees that there are no cross-script variants between Lao Thai and Khmer scripts based on discussions between the GPs. LaoGP congratulates the Thai script GP on finalizing the LGR proposal.

Section IV: Analysis of Comments

General Disclaimer: This section intends to provide an analysis and evaluation of the comments submitted along with explanations regarding the basis for any recommendations provided within the analysis.

These comments are being submitted to the Thai script Generation Panel for their consideration and incorporation (as needed) in the final version of the proposal.
