ICANN Preliminary Determination

Re: Notice of Registry Agreement Termination by ICANN - .gotv

On 04 May 2016, ICANN notified MultiChoice (Proprietary) Limited of its intent to terminate the .gotv Registry Agreement entered into on 12 March 2015. Pursuant to section 4.3(b) of the Registry Agreement, *ICANN may, upon notice to Registry Operator, terminate this Agreement if Registry Operator fails to complete all testing and procedures for delegation of the TLD into the root zone within twelve (12) months of the Effective Date.*

Pursuant to the terms of section 4.5 of the Registry Agreement, ICANN consulted with Registry Operator and subject to an on-going evaluation, ICANN has made a preliminary determination that operation of the .gotv TLD need not be transitioned to a successor Registry Operator. ICANN's review and determinations regarding transition to a successor registry operator are subject to the following criteria from section 4.5 of the Registry Agreement, as applicable:

- (i) ICANN will take into consideration any intellectual property rights of Registry Operator (as communicated to ICANN by Registry Operator) in determining whether to transition operation of the TLD to a successor registry operator

AND

- (ii) Registry Operator demonstrates to ICANN's reasonable satisfaction that
  - A. All domain name registrations in the TLD are registered to, and maintained by, Registry Operator or its Affiliates for their exclusive use,
  - B. Registry Operator does not sell, distribute or transfer control or use of any registrations in the TLD to any third party that is not an Affiliate of Registry Operator, and
  - C. Transitioning operation of the TLD is not necessary to protect the public interest.

ICANN's preliminary determination is based on the following rationale:

- Registry Operator has represented to ICANN that it holds intellectual property rights for the name "gotv".
- The .gotv TLD has not been delegated into the rootzone, and there are zero (0) domain names registered in the TLD.

Before releasing its final determination, ICANN will consider input provided by interested parties via email at [ra-termination-comments@icann.org](mailto:ra-termination-comments@icann.org) . The deadline to submit input is 04 June 2016 23:59 UTC.
