ICANN Preliminary Determination

Re: Notice of Registry Operator Request for Termination of Registry Agreement - .movistar
Top-Level Domain

On 01 August 2019, Telefónica S.A. [notified ICANN.org](#) of its intent to terminate the .movistar Registry Agreement entered into on 16 October 2014. Pursuant to Section 4.4(b) of the Registry Agreement, Registry Operator may terminate the Registry Agreement for any reason upon one hundred eighty (180) calendar day advance notice.

Pursuant to the terms of Section 4.5 of the Registry Agreement, ICANN.org consulted with Telefónica S.A. to assess whether to transition operation of the .movistar top-level domain (TLD) to a successor Registry Operator.

Subject to an ongoing evaluation, ICANN.org has made a preliminary determination that operation of the .movistar TLD need not be transitioned to a successor Registry Operator. ICANN.org's review and determinations regarding transition to a successor registry are subject to Section 4.5 of the Registry Agreement and is based on ICANN.org's assessment that transitioning the TLD is not necessary to protect the public interest. Telefónica S.A. attested and ICANN.org confirmed that there are no domain name registrations in the .movistar TLD beyond those required by the Registry Agreement.

Before releasing its final determination, ICANN.org will consider input provided by interested parties via email at ra-termination-comments@icann.org. The deadline to submit input is 14 November 2019 – 23:59 UTC.
