Hing-Kam Lam, Rapporteur Q14/15, [kamlam@fiberhome.com](mailto:kamlam@fiberhome.com)  
Scott Mansfield, Associate Rapporteur Q14/15, [scott.mansfield@ericsson.com](mailto:scott.mansfield@ericsson.com)  
**Date:** November 15, 2018

Thank you for your liaison SG15–LS159.

We would like to inform you that work on CFM YANG is progressing. The P802.1Qcx project has addressed comments received during the Task Group ballot on draft 0.3 at the 2018 November IEEE 802 Plenary meeting. The next ballot will be an initial Working Group ballot. The YANG modules of the P802.1Qcx project are found in the IEEE branch of the YANG Catalog on GitHub (<https://github.com/YangModels/yang/tree/master/standard/ieee>).

The IEEE 802.1 holds monthly YANG coordination calls. Please see <https://1.ieee802.org/yangsters/> for more information and call times.

We look forward to continued collaboration on CFM and PM YANG.

The IEEE 802.1 WG meets next as follows:

- Interim meeting in Hiroshima, Japan, 14-18 January 2019; and
- Plenary meeting in Vancouver, BC, Canada, 11-15 March 2019.

Respectfully submitted,  
Glenn Parsons  
Chair, IEEE 802.1 WG
