**Betreff:** Liaison with LNI 4.0: draft sharing IEEE 802.1 WG and LNI 4.0

Dear Glenn,

I took over the role of Dominik Rohrmus in LNI 4.0 e.V. on July 1<sup>st</sup> 2021, and would very much like to continue the good cooperation between LNI 4.0 and IEEE 802.1.

The LNI 4.0 TSN Testbed will continue to carry out neutral and pre-competitive tests of draft versions of your organization.

**I would like to ask you and would be very grateful if you could send LNI 4.0 the latest draft versions of:**

- IEC/IEEE 60802 D1.3
- IEEE P802.1Qdd D0.5

Can you please include my request in the liaison table ([Incoming and Outgoing Liaisons | \(ieee802.org\)](#)).

As before, LNI 4.0 will always keep you informed about our work.

Thanks and best regards

Anja Simon (She/Her), CTO Labs Network Industrie 4.0 e.V. (LNI 4.0)
