Date: 16 November 2021

Hi Roberta,

The IEEE 802.1 Working Group would like to thank MoCA for the two MoCA Specifications: MAC/PHYv2.0 and MAC/PHYv2.5.

We reviewed the specifications and have included references to both in IEEE Std 802.1BA, *Standard for Local and metropolitan area networks–Audio Video Bridging (AVB) Systems*. We have no comments at this time.

Note that the IEEE 802 work is open and contribution driven. Participation is on an individual basis and technical discussion can be conducted based on individual contributions.

Respectfully submitted,  
Glenn Parsons  
Chair, IEEE 802.1 Working Group
