Dear colleagues,

This liaison follows up to our SG15-LS316 liaison to IEEE 802.1 out of the ITU-T SG15 12-23 April 2021 E-meeting.

ITU-T SG15 Q10 has since further progressed simplification of Recommendation ITU-T G.8021/Y.1344 by referencing other standards. We are enclosing the latest draft revised Recommendation ITU-T G.8021/Y.1344. Please note that this draft is work in progress and should not be shared outside of your organization.

We would appreciate your review of this draft in time for the next ITU-T SG15 plenary electronic meeting to be held 6-17 December 2021.
