

P802.1Qdw
IEEE Standard for Local and metropolitan area
networks – Bridges and Bridged Networks
Amendment: Source Flow Control

Resolution of Comments on
Project Authorization Request (PAR) and Criteria for Standards Development (CSD)

2022-07-13

802.3 comment on the PAR and their resolution

- **Comment:**
5.5 — Grammar problem (typo): “packet loss from to congestion”. Delete “to”.
- **Response:**
Accept

802.11 comment on the PAR and their resolution

- **Comment:**

PAR: 5.5 Change - “PFC is used to avoid packet loss from to congestion,..” to “PFC is used to avoid packet loss from congestion,”

- **Response:**

Accept

- **Comment:**

PAR 5.2.b last sentence: Please consider replacing “errors of” with “technical corrections to”

- **Response:**

Accept in Principle

Replace “errors of” with “technical and editorial corrections to”
