Introduction

- ❑ In reviewing P60802/D2.0 for the ballot currently in progress, it was noticed that Figure D.1 is missing a number of labels
- ❑ On checking with the editor, it appears that the labels were mistakenly removed when the word document was converted to PDF
- ❑ The author of this presentation is submitting a ballot comment on this
- ❑ To facilitate the comment, the correct figure is provided in the presentation on the next slide

Correct Figure D.4/60802
