NETCONF-Capabilities	Digital Data Sheet (No YANG)
Annex Z Update	Security Configuration
vid-fid-mstid-l2vlan	Time Sync Configuration
Annex D - control system description	IETF-hardware-YANG
	Cover Page

Special Thanks to Mark Hantel for a detailed mid-stream review of the draft

WG Ballot

- Once a WG Ballot passes (75%) it becomes more difficult to add new content
 - We need to quickly converge on any outstanding content
 - Please only vote “approve” if you believe the draft is relatively mature
- Request a focus on the new and normative content of the document

Thank you
