Membership

- Voting membership
 - Current 802.1 membership rules:
 - A *session* is (the whole of) an Interim or Plenary during which 802.1 meets. A *meeting* is a subset of a session; i.e., a contiguous time period during the session when the WG meets. 802.1 considers meetings to be ½ day in duration.
 - To gain membership: Attend 2 plenaries in the span of the four most recent plenaries (one interim can be substituted) **and** inform the Chair of your intention to become a voter. Membership is then gained at the start of the next plenary attended
 - To maintain membership: Attend 2 out of the last 4 plenaries (one interim can be substituted) , and respond to 2 out of 3 most recent WG/TG ballots
 - **Attendance is as per the on-line signup system:**
<https://murphy.events.ieee.org/imat/attendance/index>
 - **If you need assistance with the use of the signup system see next slide**
 - **Signup must be 75% of meetings during a session in order to count.**
 - **Affiliation must be declared in order for attendance to be recorded (see later slides).**
 - Signing up for a meeting declares that you have (or will have) attended during the majority of the allotted time for that ½ day meeting. Hence, at sessions where more than one WG meets, signing up at two parallel meetings is **not** valid.
- Voting rights are properly regarded as an obligation, not a privilege!

IEEE-SA MEETING ATTENDANCE TOOL

YOU MUST HAVE AN IEEE WEB ACCOUNT TO LOG YOUR MEETING ATTENDANCE

STEP 1. Do you have an IEEE Web Account (IEEE Database)?

- NO :
 - GO CREATE A WEB ACCOUNT → www.ieee.org → **Set up IEEE Web Account**
 - FOLLOW THE INSTRUCTIONS TO CREATE NEW WEB ACCOUNT
- YES:
 - I have an IEEE Web Account and remember the username and password. GO TO STEP 2
 - I have an IEEE Web Account but don't remember the password. RESET YOUR PASSWORD → www.ieee.org → **Set up IEEE Web Account**
 - **IMPORTANT! Your IEEE Web Account holds your contact information. Make sure this is up to date by logging into your Web Account and review/update your contact information.**
- I AM NOT SURE:
 - I don't remember if I have a Web Account. → **contact c.sahr@ieee.org**
 - I don't remember my IEEE Web Account USERNAME → **contact c.sahr@ieee.org**

STEP 2. Have you visited myProject (Standards Association Database)?

- NO:
 - **Log onto myProject → <https://development.standards.ieee.org/my-site>**
 - FOLLOW THESE INSTRUCTIONS
 - Click Manage Activity Profile
 - Expand IEEE COMPUTER SOCIETY
 - Expand LOCAL AND METROPOLITAN AREAS NETWORKS
 - Check the box for the working group (GREEN) that you are interested in
 - Click CONTINUE
 - Claim affiliation
- YES: You are ready to use the Meeting Attendance Tool at <https://murphy.events.ieee.org/imat/attendance/index>
- **(N.B. You cannot log attendance via the guest room network!)**

Affiliation (1)

- **From the IEEE-SA Standards Board Operations Manual:**

5.3.3.1 Disclosure of affiliation

Each participant's affiliation shall be disclosed at any working group or project meeting. The chair or the chairs delegate shall inform the meeting of the requirement for disclosure of affiliation (see 5.2.1.5 of the IEEE-SA Standards Board Bylaws). This shall be via a sign-in (e.g., sign-in sheet, electronic sign-in, verbal disclosure, or electronic communication) that provides for disclosure of employer and any other affiliation, a reminder of the definition of affiliation, and possible penalties for non-compliance.

Whenever an individual is aware that the ownership of his or her employer or other affiliation may be material to the process, or when the Sponsor or the IEEE-SA Standards Board requests, that individual shall also declare the "ultimate parent entity" of their affiliation. The ultimate parent entity is an entity that directly or indirectly, through one or more intermediaries, controls the entity identified as the individual's affiliation. For the purposes of this definition, the term "control" and its derivatives, with respect to for-profit entities, means the legal, beneficial or equitable ownership, directly or indirectly, of more than fifty percent (50%) of the capital stock (or other ownership interest, if not a corporation) of an entity ordinarily having voting rights.

"Control" and its derivatives, with respect to nonprofit entities, means the power to elect or appoint more than fifty percent (50%) of the Board of Directors of an entity. The minutes of each working group or project meeting shall record a list of attendees and the disclosed affiliation of each attendee.

5.3.3.2 False or misleading disclosure

A meeting attendee who fails to disclose affiliation shall not accrue any membership rights, including rights of or towards voting membership, until such disclosures have been made. The chair shall review the adequacy of disclosures. Failure to disclose affiliation, or materially false or misleading disclosure of affiliation, shall result in loss of membership privileges and may also result in loss of other participation privileges within the IEEE-SA for such participants and any affiliated entities.

The Sponsor of the project shall, when appropriate, review the adequacy of disclosures and, if deemed inadequate, may direct corrective action(s). In the absence of effective corrective action(s) by the Sponsor, the IEEE-SA Standards Board may impose further corrective action(s).

Affiliation (2)

- **From the IEEE-SA Standards Board Bylaws:**

5.2.1.5 Disclosure of affiliation

Every member and participant in a working group, Sponsor ballot, or other standards development activity shall disclose his or her affiliation. An individual is deemed "affiliated" with any individual or entity that has been, or will be, financially or materially supporting that individual's participation in a particular IEEE standards activity. This includes, but is not limited to, his or her employer and any individual or entity that has or will have, either directly or indirectly, requested, paid for, or otherwise sponsored his or her participation. Failure to disclose every such affiliation may result in complete or partial loss of rights to participate in IEEE-SA activities. An individual is not excused from compliance with this policy by reason of any claim of a conflicting obligation (whether contractual or otherwise) that prohibits disclosure of affiliation. A person who believes that a participant's disclosure is materially incomplete or incorrect should report that fact to the Secretary of the IEEE-SA Standards Board and the appropriate Sponsor(s).

Access to 802.XX websites/reflectors

- As per established 802 EC decisions, there should be no restriction placed on access to websites and email reflectors owned by other WGs
- Some WGs allow the 802.1 username/password to be used on their websites
- For others, a request to the WG Chair should produce the desired result.
- IF YOU DON'T GET A SENSIBLE RESPONSE FROM THE RELEVANT WG CHAIR, LET ME KNOW.

802.1 WG and TG operation

- Consensus process; the ultimate test of consensus is the vote taken on a WG draft
- Votes are not taken in Task Group or Interim meetings
- 802.1 WG Plenary meetings are used to take any “formal” votes
- Most technical issues are resolved through Task Group ballots, prior to the formal Working Group ballot; i.e., we conduct the WG ballot only when we think we’re nearly done
- Voting membership is NOT a pre-requisite to participate in TG or WG ballots
- Focus is on technical progress, not studying/applying RR
- Offline discussions are essential in achieving consensus

TG, WG, and Sponsor ballots

- Task Group Ballots:
 - Anyone can respond and vote (although voting members are obliged to do so)
 - Asks the question: “Is this draft complete and ready for Working Group Ballot?”
- Working Group Ballots:
 - Anyone can respond
 - Only voting members are able to (and are obliged to) vote
 - Asks the question: “Is this draft complete and ready for Sponsor Ballot?”
- Sponsor Ballots:
 - External review process
 - Only members of the balloting group can participate
 - To join the various balloting pools, you need to visit the IEEE website (pointer on the 802.1 website)

Instructions for the WG Chair

The IEEE-SA strongly recommends that at each WG meeting the chair or a designee:

- Show slides #1 through #4 of this presentation
- Advise the WG attendees that:
 - The IEEE's patent policy is consistent with the ANSI patent policy and is described in Clause 6 of the *IEEE-SA Standards Board Bylaws*;
 - Early identification of patent claims which may be essential for the use of standards under development is strongly encouraged;
 - There may be Essential Patent Claims of which the IEEE is not aware. Additionally, neither the IEEE, the WG, nor the WG chair can ensure the accuracy or completeness of any assurance or whether any such assurance is, in fact, of a Patent Claim that is essential for the use of the standard under development.
- Instruct the WG Secretary to record in the minutes of the relevant WG meeting:
 - That the foregoing information was provided and that slides 1 through 4 (and this slide 0, if applicable) were shown;
 - That the chair or designee provided an opportunity for participants to identify patent claim(s)/patent application claim(s) and/or the holder of patent claim(s)/patent application claim(s) of which the participant is personally aware and that may be essential for the use of that standard
 - Any responses that were given, specifically the patent claim(s)/patent application claim(s) and/or the holder of the patent claim(s)/patent application claim(s) that were identified (if any) and by whom.
- The WG Chair shall ensure that a request is made to any identified holders of potential essential patent claim(s) to complete and submit a Letter of Assurance.
- It is recommended that the WG chair review the guidance in *IEEE-SA Standards Board Operations Manual* 6.3.5 and in FAQs 12 and 12a on inclusion of potential Essential Patent Claims by incorporation or by reference.

Note: **WG** includes Working Groups, Task Groups, and other standards-developing committees with a PAR approved by the IEEE-SA Standards Board.

(Optional to be shown)

Participants, Patents, and Duty to Inform

All participants in this meeting have certain obligations under the IEEE-SA Patent Policy. Participants:

- “Shall inform the IEEE (or cause the IEEE to be informed)” of the identity of each “holder of any potential Essential Patent Claims of which they are personally aware” if the claims are owned or controlled by the participant or the entity the participant is from, employed by, or otherwise represents
 - “Personal awareness” means that the participant “is personally aware that the holder may have a potential Essential Patent Claim,” even if the participant is not personally aware of the specific patents or patent claims
- “Should inform the IEEE (or cause the IEEE to be informed)” of the identity of “any other holders of such potential Essential Patent Claims” (that is, third parties that are not affiliated with the participant, with the participant’s employer, or with anyone else that the participant is from or otherwise represents)
- The above does not apply if the patent claim is already the subject of an Accepted Letter of Assurance that applies to the proposed standard(s) under consideration by this group

Quoted text excerpted from IEEE-SA Standards Board Bylaws subclause 6.2

- Early identification of holders of potential Essential Patent Claims is strongly encouraged
- No duty to perform a patent search

Call for Potentially Essential Patents

- If anyone in this meeting is personally aware of the holder of any patent claims that are potentially essential to implementation of the proposed standard(s) under consideration by this group and that are not already the subject of an Accepted Letter of Assurance:
 - Either speak up now or
 - Provide the chair of this group with the identity of the holder(s) of any and all such claims as soon as possible or
 - Cause an LOA to be submitted

Other Guidelines for IEEE WG

Meetings

- **All IEEE-SA standards meetings shall be conducted in compliance with all applicable laws, including antitrust and competition laws.**
 - **Don't discuss the interpretation, validity, or essentiality of patents/patent claims.**
 - **Don't discuss specific license rates, terms, or conditions.**
 - Relative costs, including licensing costs of essential patent claims, of different technical approaches may be discussed in standards development meetings.
 - Technical considerations remain primary focus
 - **Don't discuss or engage in the fixing of product prices, allocation of customers, or division of sales markets.**
 - **Don't discuss the status or substance of ongoing or threatened litigation.**
 - **Don't be silent if inappropriate topics are discussed ... do formally object.**

See *IEEE-SA Standards Board Operations Manual*, clause 5.3.10 and “Promoting Competition and Innovation: What You Need to Know about the IEEE Standards Association's Antitrust and Competition Policy” for more details.

Task Group Patent policy announcements

- TG Chairs please note:
 - At the start of each TG meeting, TG Chair needs to perform the Call for Patents as per the previous slides.
 - During the rest of the week, please announce each morning that the meeting is subject to the Patents Policy as read and displayed at the opening of the TG meeting. If there are any responses to the call, minute it.
 - Point attendees at the PatCom website for details of the policy:

Future interim meetings

- September 2009:
 - Claudio DeSanti/Cisco to host a meeting in Tuscany Tues 8th through Fri 11th.
- January 2010 (offer 1):
 - Jan 2009 New Orleans meeting – sponsors incurred hotel penalties
 - Hotel has offered a deal on the penalties if we hold a repeat meeting in 2010 – week of 25th Jan
- January 2010 (offer 2):
 - Bangalore, India, sponsored by Tejas
 - 1st, 2nd, or 4th week are possible
- May 2010:
 - No offers at present
- September 2010:
 - Possible offer for York, England?

802.21 – Emergency Services PAR

- They have decided not to submit this PAR
- Likely that an EC study group will be proposed

Motions - Security

Summary of plan, the intent of the following motions is that they are sufficient to execute this plan for both 802.1X-REV and 802.1AR:

- 1) Maintenance action on PAR (Tony Jeffree has in hand) to correct Purpose. [802.1AR only]
- 2) Forward to Sponsor ballot with 1 outstanding Disapprove, want permission to do recircs before November. [802.1AR, 802.1X-REV].
- 3) Conduct one or more telephone calls to resolve Sponsor ballot comments, given 30 day notice for each call. [802.1AR, 802.1X-REV, one motion for both.]
- 4) Forward to RevCom on completion of Sponsor balloting. Anticipate that this will require a motion in November for the Exec to approve this action, since (worst case there may be outstanding Disapproves at Sponsor ballot requiring rebuttal).[No motion believed necessary at this time.]

Supplementary information:

- A) WG balloting results for P802.1X-REV D4.0
- B) WG balloting results for P802.1AR D2.1

Note---The Security TG will not meet at the September interim, and plans to meet at the November plenary only as necessary to complete the P802.1X-REV and P802.1AR standard progression, or to consider potential maintenance items on those standards.

MOTION
