Thank you for your liaison statement (Ref # 040.01) requesting a review by the ITU-T of the MPLS-TP Control Plane Framework draft.

The experts of Q.12/15 and Q.14/15 have reviewed draft-ietf-ccamp-mpls-tp-cp-framework-03 by correspondence and request that the changes shown in the attached marked up draft are included before the IETF approves this draft. These comments were provided by a number of experts and do not necessarily represent a consensus view of all of the experts of Q.12 and Q.14. However, these comments must be addressed to the satisfaction of the commenters to allow Q.12 and Q.14 to make normative references to this draft.
