Abstract: This liaison advises about the ongoing series of cross-SDO virtual meetings to coordinate work on information models.

ITU-T Q14/15 appreciates the coordination and support of SDOs in the development of interoperable transport system and equipment management, including time synchronization, carrier-grade Ethernet and MPLS-TP. ITU-T Q14/15 will continue to host coordination virtual meetings on the following dates. Modelling experts of the receiving SDOs of this liaison statement are invited to join.
