EDAS paper submission for ITU K-2024

Authors are encouraged to submit papers consisting of a complete description of their ideas and applicable research results according to the submission requirements (see *Paper proposal submission instructions*). The paper proposal will be prepared using the provided *Template for paper proposals:* *WinWord, LaTeX, Format Sheet A4* and must be submitted at the latest by the extended submission deadline (20 May 2024).

All instructions and templates can be found under Author's Corner.

All papers will be double-blind peer-reviewed, and accepted and presented papers will appear in the proceedings. Papers must be submitted electronically. The maximum size of papers should be between three and eight pages including abstract, references, tables and figures; the cover page must contain an abstract of between 100-150 words; maximum 230; name and affiliation of author(s) **must not** appear on any pages of the paper. All papers should be numbered. There will be Paper Awards for the three best selected and presented papers.

 To submit your paper, please click **here**.

1. If you have used EDAS before, use your login credentials to enter EDAS.
2. If you do not have an EDAS account, click on the "create a new account" link to create a new EDAS account. After creating an account, you can use your newly obtained user name and password to submit a paper.

Please note that in order to submit a paper for review, you need to ensure that the paper complies with "*Paper proposal submission instructions*" and its format reflect the "*Template for paper proposals*". Non-compliant papers will be rejected.

Should your paper be accepted, you will receive, by email, detailed instructions on how to check and submit the camera-ready version of your paper. A copyright transfer form will be required for all accepted papers. You will be provided with this form when you receive notification of your paper being accepted.

NOTE - Author's names and affiliations must appear the same on the camera-ready paper proposal, the copyright form and in EDAS.

Reviewers from the **Technical Programme Committee** with an appropriate expertise will be selected to evaluate your paper and to rate it according to **content, originality, clarity, relevance to the conference's theme and objectives** and, in particular, **significance to future standards**.

Submission of papers implies the authors' willingness to register to the event and present the paper(s). The participation at the event is **free of charge**, but early registration is required.

The electronic registration to the event will be available from the Kaleidoscope 2024 web page.
